FINALLY, the sun is shining, the bars are buzzing, and I am one happy woman! I actually walked about in a t-shirt the other

day and it really did make my day. Spring has officially sprung people! I don't know about you but when the sun is out my mood is automatically 100x better. Now it's time to perk your mood up and this week we are going to be looking at some bright summer looks to get you Spring ready! There is still a nip in the air so we shall not get too ahead of ourselves and forget about layers. (As much as we would all love to!)

know we are just welcoming spring but...Summer is near! I have a few trips on my mind and I am not feeling summer body ready. I feel when I have a fresh new lot of gym wear though I get this urge to want to work out...I can't be the only one! With St Patrick's Day gone, I am sure we were all enjoying the sun and wine (like myself!) I need to get my fitness back on track! Also, with the bright evenings now why would you no want to watch the sun set on a lovely run or walk!

Exquisite errands running looks -

Now if you are like myself then you live in your leggings and oversized sweatshirts. Now spring is here let's jazz up them sweats and bring some new bold brights to your wardrobe. As we can see Ivona is looking so spring ready with this pastel yellow tracksuit on. I mean this just looks so put together and cosy. Pair with a bright bold bag and trainers and you are ready for a day of running errands, also not to mention how this is great for shopping. You can throw it on you and be hassle free when trying on bits in the changing room, score!

Sporty Spring sets -

Ok, don't come for me as I

Fun floral fits -

Nothing says spring like florals. Every time I see florals on a spring fashion board all I can hear is Meryl Streep in the Devil Wears Prada saying, "Florals? For spring? Ground-breaking." Anyway, I love florals, I am so excited for the floral maxi and mini dresses. As we can see Jenny is wearing some beautiful floral trousers from Primark and they would be perfect for a sophisticated work look! YES, Spring also means a new fresh work wardrobe! I can finally pack away the big fluffy coats and enjoy the crisp cool Spring weather!

Cute cardis -

I think it's time to stack up the cardigans, do not pack away the chunky knits just yet! Bright bold coloured chunky knit cardigans are what I love and Buttecrane has a lot to choose from.

The ladies are looking sporty and stylish as Maia wears a Nicce tracksuit from JD Sport while Catherine wears pastel jacket/shirt/jean & bag all Primark.

Ivona is looking so bright and fresh in this yellow tracksuit from Nicce - new in-store at JD Sport.

Styles From Buttercrane

I love the cardigan that Niamh is wearing, the contrast of green and cream is so clean and crisp! Cute cardis are perfect for throwing over a little floral Spring dress along with some converse...what a look!

Backpack it up –

With the sun out recently I have been wanting to just take trips around Ireland. A backpack is the best travel bag, especially the gorgeous one that Jenny is wearing from Primark. Green is one of my favourite colours and this bag is definitely up my street! It is giving me Prada backpack dupe vibes and I am here for it!

Put a cap on it –

Having a bad a hair day? Stick a cap on. I actually need to get a new one as my black Nike one has been worn to death! A cap does so much for a look and especially if you are out at the gym or for a run and maybe aren't feeling your best. I love the bold royal blue cap Ivona is wearing and the way it matches her backpack...LOVE!
